

HECTIC PROMOTIONS ENTRY FEES TRANSFERRABLE

Dear valued cyclist As a non-profit organisation, Hectic Promotions has an acute understanding of the current financial impact of Covid 19. Hence, we will ensure that cyclists who enter for our races don't incur financial losses.

We are committed to presenting our events this year. Should an event not be able to take place this year, your entry fee will be carried over to next year or you will have the option of transferring your entry fee to one of the races within the Hectic Promotions stable, which can indeed be staged this year.

The impact of Covid 19 on our charity initiatives has been devastating and we are faced with trying to manage the impact that this pandemic has had on especially the poorest of the poor who are struggling to put bread on the table.

We are cognisant of the many businesses and charities who benefit from the staging of our events, but it is so difficult to make any assumptions at present.

We are hoping that the staging of all our events can still take place between October and November later this year, and we are preparing our organisational structure based on this assumption.

Given the number of events on the calendar in the latter half of the year, available dates might be in limited supply, but our events have fortunately been prioritised by Cycling South Africa.

The refund policy around our events is purely to safeguard their financial security and the charity projects which are funded by entry fees and sponsorships.

Stay safe, enjoy the ride, and come back safe

Lenie Smit
